

The diagram shows a template for an A4 folder. It features a large outer rectangle with a red diagonal hatched border. Inside this border is a white area containing three vertical panels. The leftmost panel is the largest, followed by a narrower middle panel, and a rightmost panel. The panels are separated by vertical dashed lines. The top and bottom edges of the white area are also marked with dashed lines. Two small circles, one at the top and one at the bottom, are positioned on the left side of the white area, indicating where the folder is bound. The text 'Segregator A4' is prominently displayed in the rightmost panel, followed by 'format po złożeniu 250x320' and '- okładka'. Below this, a list of specifications and instructions is provided, each preceded by a small icon: a square for format, a square for net format, a dashed square for margins, a dashed line for fold lines, and a hatched square for no content area.

Segregator A4

format po złożeniu 250x320
- okładka

□ Format brutto 570x350 mm

□ Format netto 540x320 mm

□ Bezpieczny margines
chroni przed przycięciem ważnych elementów projektu
